Manufacturer [Maico](#)

Description Original clutch top plate bearing for all Maico engines from 1983 until today.

Clutch, primary parts: clutch top plate bearing 1983 up

Also used on older Zabel engines.

Please check bearing outside diameter is 20 mm!

We had to make a new special production, because this bearing was no longer as a standard to order.

This is why the price is so expensive, but the good news are Made in Germany and it helps to keep your Maico running!
